**APPLICANT'S SUMMARY OF INTERVIEW WITH EXAMINER
ON AUGUST 3, 2004**

Sir:

The applicant wishes to thank Examiner Robert J. Popovics for his courteous interview with Applicant John M. Hammond on August 3, 2004 at approximately 2:00p.m. The following is a summary of Applicant's record and understanding of the interview:

In general, Mr. Hammond made inquiry regarding the status of application number 10/600,213, and application number 10/378,473.

Mr. Hammond indicated that he was the inventor of the invention disclosed in application number 10/600,213, and inquired as to whether the application had been examined yet. Mr. Popovics stated that the application had not been examined.

Mr. Hammond asked if Mr. Popovics was the Examiner of application number 10/378,473. Mr. Popovics stated that he was not the Examiner of that application, that it was assigned to Examiner Ana Fortuna, and that it had also not yet been examined.

Mr. Hammond stated that the two applications (10/600,213 and 10/378,473) were related, and that application number 10/600,213 was the subject of an inventorship dispute, which Mr. Hammond had documented in information disclosure statements filed in both cases. Mr. Hammond inquired of Mr. Popovics if he could provide an approximate date when application number 10/600,213 would be examined. Mr. Popovics stated that now that it had been called to his attention that the two applications were related, he would transfer application number 10/600,213 to Examiner Fortuna.

Mr. Popovics inquired as to whether there was any further questions regarding the applications. Mr. Hammond stated that there were no further questions, and the interview was concluded.

Respectfully submitted,

John M. Hammond
